Product Details

Part Number: MISC067
Bar code: 5060478160021
Carton Size: 330mm x 220mm x 200mm
Weight: 4.3Kg 3.2Kg

Description

The Power Pack 12v 16Ah Lithium Battery uses the very latest technology in the form of LifePO4 cells, and is designed to replace your standard, heavy lead acid battery on any electric golf trolley between 18-27 Holes of golf.

The battery weighs 2.2kg, has a life expectancy of between 15000-2000 cycles, charges in a fraction of the time compared to lead acid equivalent with no drop of. In other words will continue to perform at maximum output throughout the course without any drop in power. It is supplied with 4 light intelligent charger showing charging status, T bar to Torberry lead, and canvas battery bag. Nothing more to ad just drop on the battery tray and plug in.

22Ah 12v 36+ hole Lithium Battery inc. intelligent charger & T Bar". Lead
