

XTRIDER

Stand, Sit down or walk behind Finally you decide

Choosing whether to walk around a golf course or buy a single seat buggy just got a whole lot easier.

The **Xtrider** folds to fit in your car, it can be stood on, sat on or walk behind (powered) or freewheel. A multi functional golf buggy...

Powerhouse Golf are the exclusive UK distributor for the XTRIDER Golf buggy.

Now, whether you want to walk or ride, the choice is yours. For the first time ever, something that can do either is available!

Many people would like to walk in order to keep fit, but also to have an option to ride in case they are tired or in a hurry. The XTRIDER allows just this, a combination of walking and riding, your call!

The XTRIDER is an electric trolley capable of carrying heavy loads that can be converted to a ride-on and vice versa in a second.

Its Aluminium frame is powered by powerful brushless motors and equipped with an extra-long range removable lithium battery.

A sturdy machine that's very stable when riding, it won't fall over!

It allows switching between powered and non-powered (free wheel) trolley mode with the pull of a button.

3 modes: Stand on powered. Walk behind (powered). Walk behind freewheel/push
Its lightweight, it can be quickly folded and put into a hatchback car or stored in limited spaces.

Technical:

<p>Dimensions L x W x H Ride on mode: 125 x 78 x 118 cm (4'1" x 2'7" x 3'10") Trolley mode: 106 x 78 x 114 cm (3'6" x 2'7" x 3'9") Folded: 90 x 65 x 76 cm (2'11" x 2'7" x 2'6")</p>	<p>Turn Turning Radius: 155 cm (4ft 13 in)</p>
<p>When split Front part & handlebar: 38 x 75 x 73 cm (1'3" x 2'5" x 2'5") Rear part: 84 x 78 x 34 cm (2'9" x 2'7" x 1'2")</p>	<p>Tyres Type: Pneumatic, turf friendly tread Overall diameter: 32 cm (12.5 in) Section Width: 10 cm (3.9 in) Pressure: 2.4 bar (35 psi)</p>
<p>Step Stepping height (ride on mode): 10 cm (3.9 in)</p>	<p>Motors Type - Brushless, Hub in-wheel Voltage: 48v Power: 2 x 500w</p>
<p>Weights Self weight with 15Ah battery: 43 kg (95 lb) Battery weight 12Ah: 3.7 kg (8.2 lb) (fitted as Standard) Battery weight 15Ah: 4.2 kg (9.3 lb) Battery Weight 18Ah: 4.7 kg (10.4 lb) Self weight without battery: 39 kg (86 lb)</p>	<p>Brakes Riding & walking brakes: 2 x motor automatic brakes. Parking & emergency brakes: 2 x electro-magnetic automatic brakes.</p>
<p>Front part weight without handlebar: 16 kg (35 lb) Handlebar weight: 3 kg (7 lb) Rear part weight: 20 kg (44 lb)</p>	<p>Battery Type: Lithium-ion, removable Voltage: 48v Capacity: 12Ah (Standard 15Ah or 18Ah (optional extra)</p>
